About

Description

ABOUT US

Established in 1983, PT Katla Cellindo Berjaya (formerly PT Intercon Overseas and PT CellMark Interindo Trade) has evolved into a trusted partner for Pulp & Paper, Hygiene, Fiber Cement Board, Agriculture, Adhesives and Minerals businesses in Indonesia. With extensive experience, global partnerships, and innovative solutions, we deliver quality products and comprehensive services to meet diverse industrial needs sustainably.

With over 40 years of experience and strong collaboration with global partners, we offer a complete â??One Stop Shoppingâ?• solution for diverse industries. Our supply includes raw materials, advanced machinery, automation systems, specialty chemicals, adhesives, consumable parts, and minerals. Committed to innovation and reliability, we deliver tailored solutions to support our clientsâ?? success and sustainable growth in an increasingly competitive industrial market.

default watermark

We serve customers nationwide with our own 7,000mÂ² facility, supported by a global network through our business partners from various countries, i.e. USA, Canada, Brazil, Chile, Spain, Germany, Italy, France, UK, China, Taiwan, Japan, South Korea, and other countries.

Frame 130

For over 40 years, we have gathered knowledge and expertise from the industries we serve. This experience inspired us to write and publish our first book, â??Pulp & Kertas,â?• a resource created to share insights with the next generation.
